

The St. Albans Skating Association proudly welcomes a new Special Hockey program. The first such USA Hockey program in Vermont!

The mission is to enrich the lives of individuals with developmental disabilities through increasing players' personal development and self-confidence on and off the ice by:

- *Having Fun*
- *Learning Team Work*
- *Building Friendships*
- *Increased Physical Activity*

The athletes' journey begins with our Learn to Skate program where we teach the very basics needed. They can then progress to several different tracks including special hockey or youth hockey. Our policy of inclusion allows anyone to try something they may have never thought possible.

Special Needs – ages 4-19

Learn to skate
October 6, 13, 20
11:40 – 12:30

Always free to try.
Loaner equipment provided upon request.

\$125 for the season

(minimum of 12 sessions)
